Important Notes*

*The Education Provider portal allows the education providers to review, edit, and add information throughout their portal. The provider can edit their address, contact information, contact person, view their license information, current courses and instructors associated with their license. The provider will also submit their education verification lists using the portal with the option to search past imports as well. Finally, the providers can add their courses to the Course Calendar tab in their portal which will be placed on the Commissions website for public to search and view.
